Allentown PA, 18106

Dear John,
Congratulations, your message sign Solar Technology Model MB-3048 has passed the Illinois Tollway's pre-qualification testing for full matrix message centers and can be used on any Illinois Tollway project requiring such devices.

If you make changes or modifications to the MB-3048 that affect the technical or functional capabilities as compared to the test unit, you must check with us to be sure you maintain your pre-qualification status. This includes any changes to the software operating platform that may require testing to maintain the pre-qualification status.

If you have any questions regarding anything included herein, please let me know.

Sincerely,

A handwritten signature in black ink, appearing to read 'Tom Deldin', written over a horizontal line.

Tom Deldin
Fleet Manager
Illinois Tollway

*Illinois Tollway
Certificate Of Message Sign
Pre-qualification*

This certificate is awarded to
